DISTRICT WARRANT

THE STATE OF NEW HAMPSHIRE—ROCKINGHAM, SS

To the inhabitants of Little Boar's Head, a Village District in the Town of North Hampton, New Hampshire organized under the provisions of Chapter 196 of the Session Laws of 1905, qualified to vote in District affairs. Greetings.

You are hereby notified to meet at Union Chapel, 7 Willow Avenue in said District on the first Tuesday of September next, being the fourth day of September 1990 at 6:30 p.m. for the following purposes:

Article One: To elect a Moderator, a District Clerk, a Treasurer, and an Auditor for the ensuing year.

Article Two: To elect one Commissioner for a term of three years following the expiration of the term of A. Michael Burnell at the conclusion of this meeting.

Article Three: To hear the reports of the Clerk, the Treasurer, the Commissioners, the Zoning Inspectors, the Zoning Board of Adjustment and others, which reports are included in this report, and to take such action as you may desire with regard to them.

Article Four: To see if the District will vote to accept in whole or in part the Budget as submitted to the Municipal Budget Committee of the Town of North Hampton, and approved by them, which budget is included in the center of this Report.

Article Five: To take such action as you may desire to give the Treasurer of the Village District authority to borrow money in anticipation of taxes upon the written request of at least two of the Commissioners, and to dispense the funds of the Village District upon the approval of at least two of the Commissioners.

Article Six: To see if you will authorize the Commissioners or any two of them, to apply for, to accept, and to expend without further action by this Village District, monies from the State of New Hampshire, from the Federal Government, from other governmental units, or from private sources in accordance with the provisions of Revised Statutes Annotated Chapter 31.

Article Seven: To see if you will authorize the Commissioners or any two of them, to transfer funds from the Little Boar's Head Improvement Fund into the Operating Account, and/or to deposit funds from the Operating Account into the said Little Boar's Head Improvement Fund, which Fund is administered by the Trustees of Trust Funds of the Town of North Hampton, as may be necessary to carry on the work of the Village District.

Article Eight: To make such changes as you may see fit in the Zoning Ordinance for Little Boar's Head, such changes being imprinted on a ballot.

Article Nine: To raise and appropriate such sums of money as may be necessary for the purposes included in the Budget, including the extinguishing of fires, the lighting or sprinkling of streets, the planting and care of shade or ornamental trees, the supply of water for domestic or fire purposes, the construction and maintenance of main drains and common sewers, the construction, maintenance and care of parks and commons, the maintenance of activities for recreation, the control of pollen, insects and pests, the impoundment of water, the maintenance of roads, the appointment and employment of watchmen and police officers, the enactment and enforcement of zoning regulations, and all other miscellaneous District expenses for the ensuing year.

Article Ten: To transact such other business as may legally come before this meeting.

GIVEN UNDER OUR HANDS AND THE SEAL OF THE VILLAGE DISTRICT this tenth day of August, 1990.

R. A. SOUTHWORTH, Commissioners

Report of the Commissioners of the Village District of Little Boar's Head

In the Report by the Commissioners of Little Boar's Head of September 1, 1986 reference was made to the "changing character" of our Village District and to its "changing moods." Now, in 1990 change is very much a part of what is going on here, as you will see in the following paragraphs.

Economic Conditions

The headline on the front page of the New York Times on July 23, 1990 read "In New England, Worst Recession in U.S. Takes Hold." The article goes on to say that we are suffering from increases in our tax load and from bankruptcies in many of our businesses.

Things are not that bad in Little Boar's Head. However, on that same date, 15 of our 149 residences were for sale—10 per cent. We also have one business and two lots for sale. Many of these residences are in the high price bracket. We seem to have something of an over supply of real estate. And things are not much better regarding the Town of North Hampton taxes either. The 1988 Tax Rate went up \$2.22 per thousand dollars of valuation—which is approximately 10 per cent. Last year's tax (1989) increased \$5.74 (this includes twelve months for county, school district and Village District, and 18 months for the Town—taxes due June 1989-December 4, 1989 and June 1, 1990), an increase of 24 per cent. In that connection you should realize that the school budget and our share of the Hampton-Winnicunnet High School charges represent about two-thirds of your total tax bill.

What can we do about it? For one thing, you can make sure that you attend BOTH the Town and the School Budget Hearings. These are informational hearings at which the Budget Committee, the School Board, and the Selectmen welcome your input. This is the only way they know how you feel at a time when changes in the budget are both appropriate and timely. Also, you can telephone Mr. Mixer, who is our Representative on the Town Budget Committee, and let him know your views. But remember, our money is actually committed by vote at the School Meetings and the Town Meeting. These meetings frequently have very few residents from Little Boar's Head in attendance. You cannot vote by absentee ballot—your vote only counts if you are there.

The Rye-Hampton Sewer Connection

At last year's meeting we discussed the possibility of the connection of the State-mandated sewer system from Rye to the Hampton treatment plant via Route 1-A (Ocean Boulevard) through our Village

District. That possibility appears to be a reality. Your Commissioners and the Selectmen of North Hampton have spent a great deal of time and energy to protect your interests. We have succeeded in getting the actual location of the forced main (the sewer pipe will be under pressure) away from the properties of some residents and further removed from the ocean. We have failed to convince the authorities to move it west of the fish houses or into the Route 1-A roadway in that area so as to avoid the consequences of major storm damage as occurred in 1978. It is our position that environmental considerations should take precedence over financial expediency and we will continue to try for further route modifications. We believe that with the North Hampton Selectmen we have achieved satisfactory protection for our residents against financial loss. The opportunity for "hook up" to this sewer system for any Little Boar's Head residents has not been resolved.

Recycling

Disposal of solid waste is a national and international problem and a local problem that won't go away. Costs are rising, facilities are overburdened, making recycling an important, but not the only, solution to waste disposal. Thanks to a great deal of dedicated volunteer work on the part of many people in North Hampton there is an active and growing recycling program in our community.

Everyone should be aware that recycling is not a profitable program, but it will slow rising disposal costs and is environmentally sound. We urge all residents of Little Boar's Head—summer and "year round"—to participate in this community project. Take your blue containers to the Town Recycling Center on Cherry Road—open Wednesdays and Saturdays—separate your trash, and let's make this program GO.

Zoning Changes

Our Zoning Ordinance was first adopted February 17, 1937, some years before the Town's Zoning Ordinance. It has been amended many times and reprinted six times. The last changes were made April 1, 1985. It is now time for us to consider amending it again. Printed ballots will be available at the Precinct Meeting so that you may register your wishes with regard to each individual proposed change.

Many of the changes proposed are merely housekeeping changes—cleaning up obsolete wording, allowing small political advocacy signs, stating where our bulletin board is located, and so forth. One change has to do with limiting any building or impermeable surface within 75' of wetlands. The Town already has this type of ordinance. We recommend the Village District also have such an ordinance.

The Check List

The Check List establishes one's eligibility to vote in the Town of North Hampton and the Village District of Little Boar's Head. We urge all our residents to check to make sure they are on this list. The section of the list for Little Boar's Head is posted on our Bulletin Board on Sea Road. If you are not on this list, see Delores Chase, our Town Clerk, and arrange to have your name placed thereon. You cannot vote if you are not a resident, and the check list is the determining factor.

Sidewalks

Two years ago we laid a new sidewalk all along the head by the ocean. We had planned to continue with this project, replacing broken walks as necessary. However, because of the sewer line coming through from Rye, much of which will be in or adjacent to our walks, this will be put on hold until they complete construction.

Long Service

We invite your attention to the 46 years of continuous faithful service of one Jimmy Knowles. He has put the boardwalk up and removed it—handled it—some 92 times. Jim wrote us a very nice letter resigning. We thank you, Jimmy.

We also thank all those who have served and who now serve on our various Boards and Commissions. Much local government in New Hampshire depends on volunteerism, and we are particularly fortunate in that regard in Little Boar's head. If you would like to assist on any of our Boards, please let one of the Commissioners know.

Report of the Village District Clerk of the 1989 Annual Meeting of Little Boar's Head

Minutes of the Annual Meeting of the Village District of Little Boar's Head, held September 5, 1989, in the Union Chapel on Willow Avenue in said District and commencing at 6:30 p.m.

At 6:30 p.m., Carl A. Keyser, Moderator, opened the meeting and explained the rules under which he would conduct same. Forty persons were present. He then took up each Article in the warrant as follows:

Article 1. Under this article the following persons were elected to the named positions for the ensuing year, and each election was unanimous:

Mr. Carl A. Keyser, position of Moderator, one year.

Judith M. Baker (Mrs. Felix F. Baker), position of Clerk, one year.

Jane S. Silbaugh (Mrs. Hugh Silbaugh), position of Treasurer, one year.

Mr. Carl A. Keyser, position of Auditor, one year.

Article 2. Under this article, James M. E. Mixter was nominated for Commissioner for a period of three years (1989-1992) and was duly and unanimously elected.

Article 3. Reports of the Clerk, the Treasurer, the Commissioners, the Zoning Inspectors, the Zoning Board of Adjustment and other reports included in the District Warrant of August 10, 1989 were presented and accepted with thanks. A special "thank you" was extended to Katherine A. Crotty for her timely and efficient efforts in fulfilling the job in the past as Clerk. Mr. Southworth also took the opportunity to thank the Treasurer, Jane S. Silbaugh, stating that "bills were paid and reports were in on time and they all added up—we thank her!"

Article 4. By agreement of the gathering, this article was deferred for discussion until resumption of the recessed portion of this current meeting to be held one week hence on September 12, 1989. The reason being that there had been insufficient time between the hearing held by the Municipal Budget Committee and the date of the present meeting.

Article 5. By unanimous approval, authority was given to the Treasurer of the District to borrow money in anticipation of taxes and to disburse the District's funds only upon approval of two or more of the District Commissioners.

Article 6. Passed unanimously without discussion.

Article 7. Passed unanimously without discussion.

Article 8. Because Precinct Counsel felt this article was insufficient, another Precinct Meeting has been scheduled and the Warrant for this therefore posted, for Thursday, September 12, 1989. After considerable discussion, Mrs. Mixter moved that this article be tabled. This motion was seconded and approved by the majority.

Article 9. This article produced a great deal of discussion. Mr. Southworth explained that as the result of last year's mandate to "form an Historic District as soon as possible," the various interested parties and boards had held numerous meetings. Specifically, an informational meeting was held on May 10, 1989, the Town of North Hampton Planning Board was questioned, a public hearing was held August 16, 1989. The net result of all of this being that the Article, with the addition of the following amendment, was considered sound. That amendment being that: "No structure shall be included unless qualified, approved by the Historic District Commission, and has approval of the owner." Vote was then taken by formal ballot and the article was approved by a vote of 24 "yes" (in favor), 6 "no" (opposed).

Article 10. By agreement of the gathering this article will, for the same reason as ARTICLE 4, be considered at the deferred portion of this meeting on September 12, 1989.

At 8:02 p.m. it was moved that the meeting be recessed to reconvene on Tuesday, September 12, 1989 at 7:00 p.m. at the same location. Mr. Keyser declared the meeting recessed.

Respectfully submitted,
Judith M. Baker, Clerk

**MINUTES OF THE RECESSED PORTION
OF THE ANNUAL DISTRICT MEETING OF
THE LITTLE BOAR'S HEAD VILLAGE DISTRICT**
Held on September 12, 1989
at Union Chapel on Willow Ave. in said District

The meeting was called to order by Carl A. Keyser, Moderator, at 7:00 p.m. there were 10 persons present, all registered voters.

It was moved that **Article 4** which had been deferred, be considered, which Article was to see if the Village District would accept in whole or in part the District Budget as submitted to the Municipal Budget Committee. It was accepted unanimously.

It was then moved that **Article 10**, which had also been deferred, be considered, which Article is the omnibus article which raises and appropriates such sums of money as may be needed for the purposes included in the budget, including a number of items included in the District Warrant. The Article was also accepted unanimously.

Consideration was then given to **Article 8** which had been tabled previously during the first portion of the Village District meeting.

Article 8 was first removed from the table. It was then discussed in the form as printed in the Annual Report. An Amendment was offered and was passed unanimously. (See below.)

There was considerable discussion on the amended Article. Mr. Mixter pointed out that we should be "friendly but firm" with our neighboring town (Rye) in the protection of our citizens from damage from any construction work. Our secondary concern in Little Boar's Head should be the avoidance of sewage waste which had received only primary treatment being discharged into the Atlantic Ocean just north of our beaches. The Amended Article was then read as follows:

Article 8. To see if you will authorize the Commissioners to insure that certain conditions be met in the event that a sewer line is proposed to be run through the Village District of Little Boar's Head. These conditions would include, but not be limited to:

- a) Complete plans, specifications and conditions are to be submitted to the Village District Commissioners for their approval prior to being submitted for bid.
- b) Adequate legal and financial safeguards shall be in place to protect the residents and others, their buildings and property along the projected line against any damage which may be caused by construction.

- c) No construction shall be allowed from the Fourth of July to Labor Day, and no construction shall be allowed prior to 7:00 a.m. or after 5:00 p.m. on any day.
- d) No construction costs shall ensue to the Village District of Little Boar's Head.

The amended ARTICLE 8 as printed above was then passed unanimously.

The Meeting was adjourned at 7:20 p.m.

Respectfully submitted,
R. A. Southworth
Acting District Clerk

Aerial view of the Isles of Shoals, about 7 miles off our coast, and almost a part of our community. Some of our young people work at the hotel there in the summer, and a few older folks attend classes there at the Shoals Marine Lab on Appledore.

It is on Appledore Island that there is a reconstruction of Celia Thaxter's Garden. This project was undertaken in 1977 by the Shoals Laboratory with the assistance of the Rye Beach-Little Boar's Head Garden Club.

The picture, facing westerly, shows Star Island on the left where the Unitarians hold conferences in the summer. The line between New Hampshire and Maine runs between this island and the next one—Cedar. The division came about because the two English "Patentees" divided the Shoals up this way in 1635. John Mason took the southern part (including White Island where the lighthouse is located, not shown in the photo) and Star Island and these eventually became part of New Hampshire. Sir Ferdinando Gorges took the northern part—Cedar, Smuttynose, Appledore and Duck and these islands ended up as part of Maine.

It is hard to believe that in the early 17th century there were as many as 600 people living on the islands and engaged in fishing. The islands have a great deal of interesting history and modern day activity. There were several hotels there. The islands were perhaps one of the "cultural centers" of New England in the late 19th century when such personages as Nathaniel Hawthorne, Childe Hassam, John Greenleaf Whittier, James Russell Lowell and others gathered in Celia Thaxter's cottage. And today there is a great deal of activity: the hotel on Star Island, the Shoals Marine Laboratory on Appledore with 60 to 100 students, and archaeological digs both above ground and underwater.
